**Access to EC study "Review of current off-site nuclear emergency preparedness and response arrangements in EU member states and neighbouring countries"**

Dear Mrs Rivasi, *verelue free ko perorduate!*

Thank you for your letter of 24 February 2014, requesting access to the study "Review of current off-site nuclear emergency preparedness and response arrangements in EU Member States and neighbouring countries", commissioned by DG ENER.

We welcome the input of Nuclear Transparency Watch on this topic and believe that a transparent debate and dialogue with stakeholders and the civil society in particular is of importance when it comes to improving nuclear safety in Europe.

The Commission has received the results of the study. We will publish the final report shortly on the website of the Directorate-General for Energy, and we will inform you about it.

Yours sincerely,
